BRUNO SOARES GUIMARÃES

Full Stack Software Engineer | Ruby, TypeScript & AI-Assisted Development

Salvador, Brazil

bruno.soares.guimaraes@gmail.com | www.linkedin.com/in/bruno-sguimaraes | github.com/BrunoSGuima

PROFESSIONAL SUMMARY

Full Stack Software Engineer with about four years of professional experience building and maintaining production web applications with Ruby on Rails, React, Vue.js, PostgreSQL, and Redis, along with hands-on TypeScript experience through personal projects. Experienced in owning features across the development lifecycle, from requirements analysis and technical planning to implementation, automated testing, and delivery. Regularly use agentic AI tools, including Claude Code, Cursor, and Grok Bot, for planning, code analysis, debugging, test creation, refactoring, and implementation while reviewing and validating all generated code. Comfortable working autonomously, collaborating with Product and Engineering teams, and navigating ambiguous technical problems.

TECHNICAL SKILLS

Languages: Ruby, TypeScript, JavaScript, Python, SQL

AI-Assisted Development: Claude Code, Cursor, Agentic Workflows, Code Analysis, Debugging, Test Generation, Refactoring

Frameworks: Ruby on Rails, Vue.js, React

Databases & Search: PostgreSQL, Redis, Elasticsearch, Searchkick

APIs & Background Processing: REST APIs, GraphQL, Sidekiq

Testing & Quality: RSpec, TDD, Test Automation, Code Review

DevOps & Tools: AWS, Docker, CI/CD, Git, GitHub, GitLab, Linux

PROFESSIONAL EXPERIENCE

Vortigo Digital

Software Developer | Jun 2025 – Aug 2026

- Developed and maintained features across the backend and frontend of a large-scale healthcare platform using Ruby on Rails and Vue.js.
- Investigated and resolved production issues across backend, search, background processing, reporting, and database queries.
- Maintained and improved Elasticsearch and Searchkick functionality, addressing indexing failures, data reindexing, and search and filtering behavior.
- Developed and maintained asynchronous background jobs using Sidekiq and Redis, troubleshooting failed jobs, monitoring queues, and resolving background processing issues.
- Used Claude Code for code analysis, debugging, test creation, refactoring, and feature implementation while reviewing and validating all generated code.

- Implemented and maintained automated tests with RSpec as part of a Test-Driven Development workflow.
- Worked with AWS-based deployment environments and CI/CD workflows using GitHub, pull requests, automated validation, and deployment processes.

Rebase

Software Developer | Sep 2023 – May 2025

- Developed and maintained web application features using Ruby on Rails and React.
- Collaborated with client engineering teams to implement new features and improve existing functionality.
- Fixed bugs and investigated application issues across backend and frontend components.
- Wrote and maintained automated tests using RSpec following Test-Driven Development practices.
- Worked with Ruby on Rails, REST APIs, PostgreSQL, Docker, and Git-based development workflows.
- Participated in code reviews and technical discussions focused on code quality and maintainability.

PERSONAL PROJECT

Developer Portfolio | TypeScript, React, Claude Code

- Built a responsive bilingual portfolio using TypeScript and AI-assisted development, with reusable components, automated tests, and English/Portuguese localization.

Personal Finance App | Flutter, Dart, Grok Bot, Cursor

- Building a privacy-focused, local-first personal finance application from the ground up using an agentic multi-role workflow for product planning, architecture, implementation, code review, testing, and quality assurance.

CERTIFICATION

Agentic Ruby on Rails Engineer — FullStack | October 2026
Credential ID: FS-MVBEDKN82A0

EDUCATION

Harvard CS50

CS50's Introduction to Artificial Intelligence with Python (CS50AI) | 2026 — Present

FIAP
Technology Degree in Systems Analysis and Development | 2022 – 2023

Campus Code — TreinaDev Program
Immersive Web Development Training | 2023

LANGUAGES

- English — C2 Proficient (EF SET 75/100)
- Portuguese — Native
- Spanish — Basic
